

- ❖ **Welcome aboard, Lillian!** We are pleased to announce the addition of Lillian Maimone to the WIN Board. Lillian is the CEO of Marco's Auto Body, Inc., which has 8 locations in Southern, California. Lillian has been in the collision industry for 25 years, and has distinguished herself by serving as the President of her California Auto Body Association chapter in 2007 and 2008. And, for those of you who attended the WIN conference in Chicago, you'll recall that Lillian was chock-full of great ideas and insights at our annual membership meeting. We are very excited to have such a dynamo in our ranks.

- ❖ **More than just cookies.** Thanks to Robert Medved of State Farm's Learning and Development Department, who alerted us to "On the Road," a program developed by the Girl Scouts to "check out your options" in automotive careers. They have a cool brochure with information about design and engineering, automotive business careers, sales and support, aftermarket parts and service and service technicians. For more information, go to ontheroad@girlscouts.org.

- ❖ **P.S. Thinking about a meaningful community service project?** Consider contacting your local Girl Scout troop to create an opportunity for the girls to earn their Automotive Care Badge at your shop or a shop you do business with. And please make sure to let us know about any other outreach designed to inspire and/or advance women (and girls!) in the industry. We'll gladly send you some WIN buttons for your group and spotlight you in WIN Notes and on our web site.

- ❖ **Thinking about joining a committee?** We welcome your input and invite you to participate on a WIN committee. The 2008 committees, chairs and contact information are listed here. Feel free to contact the committee chairs to see how you can help.

"My grandfather once told me that there were two kinds of people: those who do the work and those who take the credit. He told me to try to be in the first group; there was much less competition."
